REPORT OF FINANCE COMMITTEE

The Dunbarton Finance Committee held four meetings with full attendance at all but one meeting. One meeting was held with the School Board and one with the Board of Selectmen to review finances and budgets.

After reviewing the school budget with two members of the School Board, the Committee recommended token reductions totalling $90. Since the committee was unable to secure sufficient information on certain items of current expense to make a thorough appraisal of the budget needs for 1961-62, it was also recommended that the Superintendent of Schools be present at future joint meetings of the School Board and the committee.

The committee reviewed the town budget for 1961 and recommended one increase of $100 for the library.

The committee also recommends that the town continue the practice of adding $1,000 to the Capital Reserve Trust Fund for town equipment and $1,000 to the Capital Reserve Trust Fund for a new fire house.

The committee recommends that the town take advantage of a new type of group insurance policy that would cover, while on duty, the members of the Volunteer Fire Department and the Dunbarton Police Department.

The committee wishes to thank the Board of Selectmen and the School Board for their cooperation during the past year.

Respectfully submitted,

Board of Selectmen
Dunbarton, New Hampshire

The Finance Committee wishes to commend the Selectmen for their efforts in presenting their budget. The following are the recommendations made by the committee, each by a unanimous vote.

1. To increase the library appropriation from $250 to $350.

2. To recommend to the Selectmen that they include in the budget money to insure, while on duty, the members of the Volunteer Fire Department and the Dunbarton Police Department.

3. To recommend to the Selectmen that an article be inserted in the town warrant to raise and appropriate the sum of $1,000 to be placed in a Capital Reserve Fund for town equipment.

4. To recommend to the Selectmen that an article be placed in the town warrant to raise $1,000 to be placed in a Capital Reserve Fund for a new fire house.

Respectfully submitted,

ONA A. MARTEL

REPORT OF THE DUNBARTON HISTORY COMMITTEE

About a year ago, it became known to a number of townspeople that Mrs. Alice M. Hadley had offered to turn over to the town the historical material which she has spent much of her life collecting, if the town was willing to bear the cost of publishing a History of Dunbarton.

The prospect of a gift of such value and the urgent desirability that we take advantage of this opportunity was crystallized under Article 18 of the warrant for the Town Meeting of March 8, 1960. At this meeting, $1,500 was appropriated for preliminary expense of publishing this History of Dunbarton and Eva Tucker was appointed chairman of a committee she would name. We, the undersigned members of that committee, submit the following report to our fellow-citizens.

We have held five formal meetings during 1960 and have had many more informal conferences. Our earliest concern was to arrange for preservation of the material offered to us in such a way that it would be safe from loss. Accordingly, the entire manuscript has been recorded on microfilm and placed in fire-proof storage. This work was done without charge by Mr. Donald B. Montgomery, to whom we here express our thanks and gratitude.

However, the committee still had no direct access to the material, and so a duplicate of the manuscript was also reproduced as a working copy. For this, we thank Mr. Gilbert Fraser, who donated his time and equipment, charging only for the cost of the materials used. This working copy was then divided into sections and distributed among the members of the committee to read.

It is the earnest desire of each of us to create a publication of which this town can be proud. We intend to produce the best and most accurate history of the town possible at a cost within our reach. With this in mind, our first concern was to find out what material we had at hand and our second, to look for opportunities to condense wherever possible without serious loss of historical value.

Following this step, we, quite frankly, bogged down a bit, and it became clear that some one individual who had the time, interest, stamina and some ability, must take on the work of doing the actual writing in order to overcome this stalemate and return the entire committee to productive effort. The secretary of this committee volunteered to attempt to reorganize, rewrite and submit the work in sections to the committee for its guiding suggestions and criticism. This work is now in progress. Maps by Harlan Noyes and pictures by Kenrick Bean are also in preparation. Indeed, we are all hard at work.

The committee is ever conscious of the cost of publishing this history. We also believe that our best market for initial sales will be in 1965 when we have people interested in Dunbarton visiting us on our 200th anniversary. Therefore, we are most anxious that this work go to the presses in 1964 and, further, that the cost be borne by our people with the least burden possible. Although we have approximately $1,400 remaining from last year's appropriation, in order to spread the cost we had intended to put an article in the warrant asking for another $1,500 this year. However, the committee understands that Dunbarton is faced with an unusually heavy budget this year, and for that reason, we voted on January 11, 1961 to reduce our request by 200% to only $500, and turned our thoughts to the possibilities of raising some money ourselves during 1961.

It is the belief of this committee that the Town of Dunbarton can have a published history ready for its 200th anniversary in 1965; it is our hope that it will have; and it is toward this end that we shall continue to work.

REPORT OF POLICE DEPARTMENT

Complaints received by the Police Department this year (1960) have been numerous and varied but fewer than in past years. Complaints of breaking and entering, petty larceny, vandalism, traffic violations, missing persons, etc., have been received. All have been investigated and proper action taken.

Probably the greastest concern is over the ever increasing problem of traffic violations. Complaints have been received from various parts of the town about the speed of vehicles, not only on our main highways but on narrow country roads, especially where there are homes with small children. We have tried to patrol these roads as much as possible on weekends and evenings. We feel that our efforts have been successful to some extent and wish that more time could be devoted to patrol work.

In June, 1960, a Deputy Sheriff loaned us a Traffic Timer and instructed us in the use of it. An initial survey was made on Route 13 where the Timer was operated about three hours in a 40 mph zone. An accurate count was not kept at that time but it was estimated that approximately 250 cars passed by the Timer. Of these cars we feel that we are conservative in stating that 80 percent were being driven over the legal speed limit.

A second survey was made June 18, 1960, a rainy evening, when the Timer was operated in a 25 mph zone and 92 cars were checked in 1½ hours. The Timer showed the following speeds:

50	-	60 mph	2
40	-	50 mph	11
30	-	40 mph	48
20	-	30 mph	31

For some time after these surveys were made a decided reduction in speed of vehicles on the highway was noted. Then, as no more surveys were made, the usual speed was resumed.

The Timer used in these surveys is guaranteed to be accurate by the manufacturer. A similar type Timer is used successfully by the Goffstown Police Department.

On September 26, 1960, a mobile Radar Unit was set up in Dunbarton Village and also in Pages Corner. The survey was made by Deputy Sheriff Ray Lewis of Manchester, N. H., and J. Gardiner Mills, Chairman of the Board of Selectmen of Dunbarton. At that time 242 cars were checked with the following results:

Under	25 mph	5	45 -	50 mph	27
25 -	30 mph	20	50 -	55 mph	9
30 -	35 mph	55	55 -	60 mph	3
35 -	40 mph	65	Over 60 mph		2
40 -	45 mph	56			

As a result of these surveys it can readily be understood why complaints are made about unreasonable speed. We feel that the purchase of a speed Timer would greatly reduce the number of violators of traffic regulations, as the unit can be quickly set up and used. It can be moved readily from one place to another and the fact that no one would know when or where it might be used would tend to make operators more conscious of their operating speed.

With the increasing number of children in our town we feel that more traffic control is needed and the Traffic Timer may well be, in part, an answer to this problem.

WILFRED H. MARSHALL, *Chief*
Dunbarton Police Department

REPORT OF LIBRARY TRUSTEES

The world of tomorrow lies in the hands of our children. The challenges confronting the free nations today can best be met by giving our children free access to information relating to democratic principles and ideals, and you through your library can prepare them to choose their paths wisely.

The school program is progressing very well. Everyone concerned has been more than cooperative. At the present the children are our biggest borrowers.

As you will note our circulation for 1960 has not been as great as 1959 due to the fact that from March until June we were without a librarian but in the past few months old and new faces have greeted us again. It is your library and we are waiting to serve you.

In closing, let me say that we were very sorry to accept the resignation of Miss Phoebe Crawford and wish to thank her for her kind and faithful service. However, we feel that we were very fortunate in securing a person as capable and willing as Mrs. Sarah Hill, our present librarian.

Mrs. Charles (Beverly) Williamson

REPORT OF THE DUNBARTON VOLUNTEER FIRE DEPARTMENT INC.

During the fiscal year 1960 your Fire Department responded to 15 Alarms, comprised of:

3 Dump Fires
6 Chimney Fires
2 Brush
1 Automobile
1 Barn (Haloween prank involving arson)
2 Residences (1 lightning and 1 undertermined)

The fire which has the undetermined cause has been inspected by the State Fire Marshall's inspector. This was the only fire which caused any major loss in Dunbarton last year.

The past year brought about quite a few changes. We have four new members and we're saddened to lose one who passed away.

Purchases for the year included:
1 - 2½" x 1½" Gated Wye
1 - 1½" x ¾" reducer
New motor for Engine # 1 (Rebuilt)
Top Oiler for Engine # 1
1 - 2½" mounting plate
1 - 1½" mounting plate
Rebuilt Carburetor for Chevrolet Brush Truck

It has been voted to purchase a Resucitator and also an electric primer to replace exhaust primer on engine # 1

Training for the year consisted of several excellent training films obtained through the Civil Defense office and a few pump drills and Scott Pak drills. We need more.

Fund Raising was again successful with coffee and donuts served at town and school meetings, our Annual Chicken Barbecue the last Sunday in June and our Annual Bean Supper the first Saturday in December.

The most urgent problem in the immediate future will be learning to use the dial telephone system. The Fire Department has given this subject long and serious thought and discussion. We will miss the service of our telephone operators and will have to request more assistance from others. To assist in this transfer it is my recommendation that a new and larger siren be purchased and installed in early 1961.

Respectfully submitted,
John R. Swindlehurst,
Chief of the Dunbarton Fire Dept., Inc.

REPORT OF FOREST FIRE WARDEN

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres of the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed - all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First - by setting a good example YOURSELF - being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second - by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. **Before burning, secure a permit from your local forest fire warden - the law reguires it.**
2. **Be sure to properly supervise your burning - don't leave it.**
3. **Make certain your fire, camp or debris, is DEAD OUT before leaving it.**
4. **Don't throw down lighted matches, cigars and cigarettes or from moving vehicles - make sure they are out - use your ash tray.**
5. **Don't burn at home - use your town dump and save yourself much possible difficulty, both personal and financial.**

Number of local fires	0
Number of acres burned	0

You are also notified to meet at the same place at eight o'clock in the evening of the same day, to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officer of the district.

2. To hear the reports of Agents, Auditors, and Committees, or Officers chosen, and pass any vote relating thereto.

3. To choose Agents and Committees in relation to any subject embraced in this warrant.

4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation which balance is to be raised by taxes by the town.

5. To see if the School District will vote to raise and appropriate a sum of money not to exceed $10,000 of which $2,500 is to be appropriated by this article and the remaining $7,500 to be raised by bonds or notes for the purpose of remodeling the upper floor of the Town Hall for a classroom for temporary use and the installation of a central heating system, and to see if the District will direct and authorize the School Board to hire an Architect,

Architectural firm or other qualified agent, to prepare plans and specifications for this remodeling, and then to proceed with the remodeling, including the actual construction, the furnishing and equipping and other fees and items necessary for the completion of said classroom and to further direct and authorize the School Board to raise such a sum through the issuance of not exceeding $7,500 in serial notes and bonds under and in compliance with the provisions of Chapter# 33, Revised Statutes Annotated as amended to issue and negotiate such notes or bonds and to determine the rate of interest thereon and to take such actions as may be necessary to effect the issuance, negotiation, sale and delivery of such notes or bonds as shall be in the best interest of the Dunbarton School District.

6. To see if the School District, if the above article is accepted, will adopt the supplemental budget for a sum not to exceed $5,910.60.

7. To see if the School District Officers may be elected at the same time as the Town Officers.

8. To see if the District will authorize the School Board to contract with Concord, Manchester, and Goffstown School District for the tuition of Dunbarton pupils in the high schools of said districts at an amount necessary to provide therefore.

9. To see if the District will vote to appropriate any funds received from tuition of so-called state wards toward payment of general expenses of the School year 1960-61.

10. To see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Dunbarton this 17th day of February, 1961.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Dunbarton

Public education is considered by many as the most important single function of government.

All considerations have been always with the welfare of our children first in mind. The School Board has and does subscribe to equal opportunities for all of our children.

Enrollment

Dunbarton, like many other communities, is faced with the challenge of providing adequate accommodations for its school age children. This challenge is one of quality not quantity.

A glance at the chart of elementary enrollments located elsewhere in the School District report will show a fairly steady total enrollment for the past few years. Projected enrollments, based upon children now in school, also show no sizeable increase in total number. However, our problem is created by the distribution of pupils in one or more grades. This factor in addition to the number of grades per room creates an unsatisfactory teaching situation plus an inefficient total educational picture.

After two years of discussions by the School Board, Superintendent and interested citizens, a temporary solution has been worked out to help solve this problem, and will be submitted to the voters at the annual District Meeting.

Faculty

Teachers comprise one of the two most essential ingredients of any school system. A school's strength or weakness is dependent upon the caliber of teachers it employs. Most communities strive to keep their good teachers by providing a better educational environment for their pupils, a community appreciation and desire for good education, higher teacher salaries, etc.

Some teacher turnover each year is to be expected, but beyond a certain point it becomes a large factor in limiting the efficiency of

a school. Your School Board and Superintendent are definitely more interested and concerned as to the reasons why previous teachers left this district, than as to the mere numbers. As accurately as may be determined, the two principal reasons for local teacher turnover in their respective order, were too many grades per room, and low salary.

During the past two years the Board and Superintendent have been made acutely aware of these facts in their efforts to recruit the best candidates within the local salary range. This past year alone, well over a dozen possible candidates were approached in order to interest them in our teaching principalship vacancy. Poor and mediocre teachers have and will always exist and many of this group will accept practically any position at any given salary. I am pleased to report that neither your Board nor your Superintendent will accept this caliber of a teacher for your school.

The proposed plan of adding an additional room and thus having two grades per room and not three is a fine and progressive step in the right direction, but it should not be considered as the final and best solution to your enrollment problem.

Recent Achievements

Much has been accomplished this year in the study and evaluation of the housing of our children. The excellent cooperation of many citizens found final substance in a fine report presented by this school study group. The teamwork and mutual cooperation displayed by the Selectmen and School Board in their joint attempt to solve this particular difficulty should be realized by the District.

The local overall pattern of teaching has improved due to better discipline and an improvement in techniques.

We have participated in the National Defense Education Act, which has enabled us to have more instructional aids in the teaching of mathematics and science.

Teacher committees have been formed and utilized in order to study and evaluate books and to make specific recommendations to the Superintendent for their purchases. The present school curriculum has been studied and some very definite recommendations and evaluations have been made. This year the teachers of arithmetic have met several times a month and are preparing study guides, upon a Supervisory School Union basis, grade by grade.

Our Needs

Our most serious need is for more classroom space in order to eliminate having three grades per room.

As a definite proposal will be submitted to the voters on or before the annual District Meeting, that plan will not be detailed here.

The instruction in and appreciation of music and art should be encouraged to the fullest.

Our music supervisor works with each class once a week and the majority of time is spent in vocal music. We offer no formal or established art program but expect each individual teacher to do the best she or he can in this subject.

To correct these situations, we would have to budget both time and money, probably upon the Supervisory Union basis. The school union has seriously considered these proposals for the past year and it is to be hoped that next year both situations may be corrected by the addition of full time music and art supervisors.

One of the characteristics of an outstanding school is the attention given to adapting the level and caliber of teaching to the individual child, in order to make that teaching more meaningful and effective for each pupil. We have made a start in this direction and it is hoped that as our classes return to a smaller and more efficient size, we might add more curriculum enrichment for the majority and definite acceleration for the gifted. Our school union is now considering the feasibility of establishing a special class for the mentally retarded. This addition will provide for these children and satisfy their educational and personal needs and will also provide us with the opportunity of allowing us to better realize our teaching and curriculum objectives in their former classrooms.

For Your Information

1. The Deficiency Appropriation, which had its beginning a number of years ago, was paid off completely during the past fiscal school year.

2. The present budget contains the final principal payment of $2,500 on the debt for the third room of the Center School.

3. Twenty percent of the instructional staff personnel employed by New Hampshire School District and Public Academies in 1959-60 were not employed by the same school district or academy in 1958-59. Nine percent of all instructional staff personnel employed for the school year 1959-60 had no previous teaching experience.

4. In 1958-59, 154 of the 230 School Districts did not maintain a public high school.

5. Dunbarton's per pupil costs for the past three years were below the state average for elementary grades.

I wish to express my appreciation to those who have given us aid and encouragement through word and deed. Their kindnesses and understanding are deeply appreciated.

Respectfully submitted,

CHARLES H. MINNICH,
Superintendent of Schools
